CTAPP has read your teaching evaluations and instructor feedback. CTAPP has deemed your teaching to be **superior**. Congratulations!

Here are some selected student quotes CTAPP would like to highlight:

"I like how Michel works hard to make sure that every student in the group participated and would have a full understanding of the material being taught.", "Michel explained each step very clearly and was very patient throughout the entire course. He produced examples that were easy to understand and was always willing to offer more support."

Here is feedback from your teaching observer/mentor:

CTAPP has the following feedback for you:

Amazing job!

We recommend that you read your students' comments carefully to find in what areas you are doing well and where you should improve.
