

Department of Mathematics

COLLEGE OF LETTERS & SCIENCE
UNIVERSITY OF WISCONSIN-MADISON

DATE: October 30, 2020

TO: Alexis, Michel

FROM: TA Evaluation Committee

SUBJECT: Spring 2020 Math 234 Evaluation

You will find your complete TA evaluation results at aefis.wisc.edu. You will need to log in with your net ID and password.

Spring 2020 was unusual because TAs had to transition mid-semester from in-person to online due to the pandemic. CTAPP did not calculate scores but solely evaluated TAs on feedback from students, supervising faculty, and observers.

CTAPP has deemed your teaching to be **superior**. Congratulations!

Here are some selected student quotes CTAPP would like to highlight:

You could definitely tell that Michel had done this before. He always came prepared, had every second of discussion planned out (even a warmup, which I really enjoyed), and answered questions in a way that taught us how to do it ourselves.

"Michel is the best. I like his ability to explain things really clearly.

" "I liked the most that when if I was confused, Michel would explain the process in a different manner than the teacher to try to develop a new way of understanding the material, and I found this extremely helpful. I also liked that Michel made us stand up and do the problems together, I think this facilitated good discussion and collaboration."

Here is feedback from your teaching observer/mentor:

We recommend that you read your students' comments carefully to find in what areas you are doing well and where you should improve. Read the enclosed Teaching Evaluation Feedback handout for guidance on interpreting your results. If you have questions about your evaluations or this ranking, please speak to one of the committee members.
