14 What do you like most about the instructor's teaching?
(Instructor Text/Memo)

👤 Michel Alexis instructor

- He gives us opportunity to learn the material our selves
- He is patient and always wants to make sure that I understand the material.
- Sense of humor, lectures arent super dry
- I think that having the students work together on the blackboards during class is a very good way to learn.
- I liked his structure of discussions. We started with a warmup and then we got right into the daily packets
- I like his enthusiasm
- Dedicated to the class
- Michel is the best. I like his ability to explain things really clearly.
- Super cool warm up activities, super good at guiding and explaining questions.
- You could definetly tell that michel had done this before. He always came prepared, had every second of discussion planned out (even a warmup, which I really enjoyed), and answered questions in a way that taught us how to do it ourselves.

15 How could the instructor improve his/her teaching?
(Instructor Text/Memo)

👤 Michel Alexis instructor

- They course could be more guided than it is.
- I don't have any suggestions
- Sometimes his handwriting can be a little difficult to read.
- I wish we did not have to do small groups on the smart board, because then I have no discussion sheets I can look over for the test.
- not really:)
- sometimes when you are going over a problem, you go over parts that everyone already knows how to do. Just ask if we already know how to do a certain part to avoid any wasted time and extra work on your part.

16 Any further comments:
(Instructor Text/Memo)

    👤 Michel Alexis instructor

- No
- None
- Michel really understands the students and what they like. For example, the April fools prank (where you spoke in french) was very underrated. I loved it.
